Hello!

I'm writing you today to ask you to send in a gift for a new discussion room that will have a lasting impact for our community. These are essential spaces for Sun Prairie. Those who are working from home or a mix of home and office are using these updated spaces for work (hybrid meeting access), students are collaborating on projects or getting tutoring, occasionally some are receiving healthcare access, some meet for language lessons, some receive financial education, some meet for small group therapy and support groups, and some come for local resource connections - what happens in this space is life-enhancing, life-changing, life-saving.

Here's what's happening. Right now, there are 2 discussion/study rooms available at the library. Since COVID we've seen large increases in access needs, and from years past we've learned inflation also pushes more people to these free resources.

Will you please send a gift today to help us create more of these spaces in the expansion project? A generous donor has offered up to a \$15,000 match, and if we surpass this goal all additional gifts will go to the capital campaign.

Your gift will have a positive effect on our entire community, and it cannot be overstated how important the life-changing interactions within these walls are.

You care about the Sun Prairie Public Library and may have experienced your own connections within its walls. Many have helped us support updates to our current study rooms, and the demand for these spaces has only risen. We want to make sure we can continue to provide exceptional service to all as our community continues to grow. 100% of your gift will go towards the capital campaign.

Please, would you send in a gift? You'll love knowing you helped so many in our community gain the access and connections they need in their daily lives.

Sincerely,

Executive Director
